

On his way to the office this morning Mr. Goldberg, carrying his daily cartoon in his pocket, was knocked down by an automobile.

The cartoon was badly damaged, but we have succeeded in preserving the pieces as we found them when the cartoonist was picked up.

To the one who can cut along dotted lines and rearrange the cartoon to bring out the idea as it was originally drawn we will give Mr. Goldberg's salary for the day or an order on any first-class millinery house for a \$100 hat. Mr. Goldberg has agreed to this as he is amply covered by accident insurance.

APRIL 1, 1915.

Johnson Must Improve a Lot or He is in Line for Beating of His Life by Jess Willard

By Ed C. Smith.
HAVANA, Cuba, April 1.—In the most disappointing workout shown so far Jack Johnson proved yesterday that he must get better between now and Monday or he is in for the beating of his life. Jack slouched through a few miserably bad rounds with his sparring partners. Several times he was plainly distressed so that the spectators in the back rows remarked it. He continues to carry some weight that will be in the way when the pinch of long, hot fighting under a broiling sun comes.

The big black isn't nearly as good as he showed early in the week. Johnson says that he is not worrying in the least, and close friends say that he will round out in good form before the big event occurs. Jack doubtless is in as good condition as he can possibly get but it is now generally admitted that that is not good enough for a man of Willard's size, strength and hitting power.

Couldn't Fool Critics.
Bat Materson, Bat Nelson and Billy Rocap of Philadelphia, joined the Willard banner today after the workouts at both camps. Johnson's poor form being a great surprise to everyone. Jack kidded his way through, bluffing his sparring mates, but he didn't fool the critics.

Willard's work too was slow, his sparring mates being badly broken up. Savage was stopped with a stunning jaw punch. Jess never looked better.

Jack Materson said Willard is a cinch now. Bat Nelson insists that Johnson will collapse like Jeffries did at Reno, when the big test comes, and Rocap says Willard is no worse than an even money shot. I think, as Rocap does, that Willard has a corking good chance.

Jack is Sully.
Jack Curley refused to allow Johnson and Sam McVey to put on a boxing exhibition match Saturday, as advertised. They haven't boxed here, Curley fears that an injury to Johnson might stop the battle. Johnson is sulky over this.

The matter of an alternate referee will come up today. Tom Flanagan, acting for Johnson, wants an unknown Canadian, but Tom Jones refuses to agree. Billy Rocap or Matt Hinkle of Cleveland, have the best chance to go over. Jack Welsh will arrive here Friday.

Otto Floto of Kansas City was the most prominent of a dozen or more

critics who arrived yesterday. Stakeholder Vernon and three friends also dropped in.

Havana has taken on the appearance of the biggest metropolis on the eve of a great sporting event. The hotels are now crowded with strangers and the sale continues so heavy it looks certain that the fight will be a success from a financial standpoint.

Willard Gets Offer.
Willard got his first offer today, win or lose, from a New Yorker who wants him for a week at \$1,000. Jess laughed at the win end of it. He thinks he will be worth five times that amount if he wins. Willard will be a wonderful card if he is returned the winner.

A strong guard is to protect the race track Monday as the president has ordered some 700 guards there. It developed today that United States secret service men constantly have Johnson under watch and will follow him after the fight wherever he goes. Race feeling is strong here and it is feared there may be trouble if the negro wins. Many of his own race are strongly against him.

HUGGINS SAYS HE IS DONE

Card Manager Feels His Playing Days Are Over.

ST. LOUIS, April 1.—"I believe I am through as a player. I am slowing up. Last year I barely pulled through the summer. This year I will not play unless I am forced into the game through the lack of a capable second baseman," said Miller James Huggins, National League star for 11 years, manager of the St. Louis Cardinals.

KILL BOXING BILL

MADISON, Wis., April 1.—The Hanson bill, repealing the Wisconsin athletic commission law authorizing 10-round no decision boxing shows, has been killed in the lower house by a vote of 64 to 25.

MAROON FOOTBALL MEN OUT

CHICAGO, April 1.—Twenty football players, headed by Capt. Russell, turned out on Stagg field for the first spring practice today. Coach Stagg sent the men through a drill.

BADGERS DOPED TO GIVE HARD BATTLE

Team This Year Said to Be Stronger Than the One That Represented School Last Year—Mills Back in Game.

Despite the fact that the Wisconsin game next Monday afternoon will be the first of the season it is expected that the battle will be one of the best on Notre Dame's card. The game will start promptly at 3 o'clock.

Dope is now going the rounds as to who will start the game on the pitching mound. Coach Harper has said no more than that he expects to use two hurlers against the Cardinals, but Sheehan and Wells look to be the most likely candidates for the honor of lifting the lid on the slab. Both men seem to be in good form and should work well against the visitors.

Wisconsin has prospects for an even stronger team than that which represented the Madison university last year. The Cardinals were just nosed out of the championship of the conference by Chicago last year.

The fact that Wisconsin is a conference team adds special interest to the coming game, as it will give the fans a chance to compare the merits of a conference nine and Notre Dame.

In yesterday afternoon's practice game at Cartier field the regulars won a rather easy game from the scrubs. Dorwin, who hurled for the losers, pitched a good game, but his support was wabby at the start and the regulars copped off a good lead.

Heine Berger pitched in his first game of the season yesterday, twirling the first three rounds for the regulars. The veteran showed good form. Cassidy, the South Bend boy, finished the game for the regulars and gave a classy exhibition.

Rube Mills, the veteran infielder, was out for the first time in 10 days and played at first base. Despite his recent illness he showed up in good form and batted out one safe hit. "Ernie" Burke was back in the outfield and it is probable that the little fellow will be used there this season.

Lathrop, who was pulled in from the outfield for a shot in the second inning, continues to show great improvement at the keystone sack and it is beginning to look as though he will be a fixture there.

Jack Kline continues to play brilliantly at third base for the regulars. His hitting and fielding has been a feature of the practice games. Mel Elward, who is being used in left field in Lathrop's place, is also showing improvement. Elward is a pretty outfielder and his base running has been great during the practice games. He is a little weak in hitting as yet, but if he gets his batting eye, he should develop into a stellar outer gardener.

"Shorty" McLaughlin, one of the catchers, suffered painful injuries to two of his fingers yesterday during the game. While the wounds are not serious, they are painful and will keep him out of the game for a few days. "Jimmy" Boland, one of the most promising members of the pitching staff, will not be able to pitch any before the first of next week as a result of cutting the fore finger of his pitching hand on a test tube in one of the school laboratories.

CHICAGO, April 1.—Unless the American association finds a berth for the Cleveland team the chances are that Pres't Chivington will have a club on his hands before July rolls around. This was the gist of the statement made today by Pres't B. B. Johnson of the American league, who 10 days ago started negotiations for the transfer of the team to Toledo.

"Furthermore, I don't want it to remain there, not when there is such a good town as Toledo. I have never been in favor of having two teams in Cleveland or any other city of that size, as I don't think the fans want two clubs."

SAVANNAH, Ga., April 1.—Mgr. Bresnahan and his Chicago Cubs arrived here today to play the Savannah club. During four weeks in Florida the Cubs did not miss one day of outdoor work.

CHICAGO, April 1.—George Moore of New York today was presented with a \$1,000 trophy and \$1,000 in cash as the result of his winning the world's championship in the three cushion billiard tournament here. His defeat of William Huey of Chicago by a score of 50 to 47 clinched the title for which Moore, Huey and John Daly of New York were tied at the end of the tournament. Moore today received from John Daly a challenge to play for a \$1,000 side bet.

Huey declined the \$700 second prize money in order to retain his amateur standing. A present valued at \$700 will be given him.

CHICAGO, April 1.—The Chicago White Sox arrived here today for an exhibition game. Tonight they leave for St. Louis.

THE RAMBLINGS OF THE POSTMORTEMIST

To the Rear.
We have seen many a mansion and many a shack. With the lawns all trimmed so nice and neat. But when we got in the alley or in a side street We found that all the dirt had been put in the back.

Pete Knisely seems to be coming in to his own. He got a hit in an exhibition game the other day.
"The weather turned cold and, with a north wind and a light rain," sayeth a dispatch from the Whales camp down south. All of which reminds us that Ban Johnson wants to cut out the spring trips down south.

The White Sox enjoyed their stay at Yuma, Ariz., immensely. They found a club they could beat and some pitchers they could hit.
Bill Sweeney has been dropped by the Boston Red Sox. It seems he got in bad 'cause the Braves turned him loose before they started their winning streak.

All those boys who set the southern training camp afire during the first few days of the season are now drifting back to the minors. A meteor is always bright, but it doesn't blaze for long.

It seems that after all it's not so much the pins as the coin. For instance Chicago bowlers knocked down \$9,000 in the Peoria meet but nobody stopped to figure out how many pins they tumbled.

Politics.
Candidates rave And often wave Dear old Glory. But the story They all tell Loud and well is very short. The major part, Is their plea "Vote for me."

Now is the time for the Big Nine to hold some track meets. The Illinois team is out west and the others would
